

# EUROPEAN CITIZEN PLATFORM

ECP

PRESS RELEASE

Bruxelles, 15 March 2018

**We are Europe!**  
**Big Citizen gathering!**  
**25.03.2018 – 14h**

The European Citizen Platform (ECP) waits for every European citizen, Sunday 25th of March at 14h, Place du Luxembourg – Ixelles, for a big citizen gathering to celebrate the 61st anniversary of the Treaty of Rome. Let us rally to put citizens back at the heart of the European construction.

In a context of exacerbated social crisis, the last European elections were scarred by the rise of Euroscepticism in different EU member-states. A relaunch is necessary to reinforce the framework of European democracy. This must happen through a citizen approach so that the 510 million Europeans reclaim « their Europe ». Indeed, the future of Europe cannot be dictated only through its leaders, but by the culmination of a democratic debate.

We urge for the mobilization of our fellow citizens to make your voice heard in the Europe of tomorrow.

This mobilization starts today! Let's dare more Europe!
